SESSION 3A—MINE PLANNING

Estimating mine planning software utilization for decision-making strategies in the South African platinum group metals mining sector

B. Genc, C. Musingwini, and T.P. Katakwa 1

A rules-based production scheduling approach allowing multiple scenarios to be generated to test the impact of advance rate variability

G.R. Lane, G. Krafft, A. Cambitsis, K. Daya, and A. van der Westhuizen..... 11

Introduction of specialization in Mine Planning and Optimisation within the Master's degree (MSc) programme at the University of Witwatersrand

C. Musingwini 23

SESSION 4A—MINE TECHNOLOGY

Survey, ore flow, and reconciliation—MineRP protocol

M. Woodhall 29

Hydropower: a mature, game-changing technology

P.D. Fraser 39

Predicting the probability of iron-rich ultramafic pegmatite (IRUP) in the Merensky Reef at Lonmin's Karee Mine

D. Hoffmann and S. Plumb..... 49

SESSION 5A—VENTILATION

Effects of surface ambient temperature on refrigeration plant design

I. Sibisi 57

SESSION 3B—REFINING

A new froth pump for improved pumping of viscous thickener underflow

W. Taylor 67

Fire and brimstone: The roasting of a PGM concentrate

R.I. Rambiyana, P. den Hoed, and A.M. Garbers-Craig 87

Ni recovery using KOH, NaOH and NH₄OH in the presence of EDTA and Na₂S from jarosite precipitated from a PGM plant

E. Ntumba-Malenga, A.F. Mulaba - Bafubiandi, and W. Nheta 95

KEYNOTE ADDRESS

Keynote Address: Mining education and research as a strategic driver of future mining

F. Cawood 107

SESSION 7A—STRATEGY

To outsource or not to outsource? - that is not the question

T.S. Hattingh and R. Govender 113

Public-private alliances: initiatives, responsibilities, and coordinated programme management

M.S. Basson and J.A. Bierman..... 117

SESSION 8A—STRATEGY

Strategic and tactical requirements of a mining long-term plan

B.J. Kloppers, C.J. Horn and J.V.Z. Visser..... 121

Analysis of critical success factors for public -private partnerships in infrastructure development in South Africa

M. Maseko 129

Case study: a value driver tree as a means of integrating value drivers across disciplines and activities

G.R. Lane and B. Wylie 143

SESSION 9A—STRATEGY

Portfolio modelling to enhance group level decision-making

S. Venkatesh, G.R. Lane, A. Smith, and D. Kok..... 153

Analysis of sustainability and the investment crisis in South African platinum mining using the A3 problem-solving process

S.M. Ali and T.S. Hattingh 159

Mining company strategy evolution: an overview and example application in the platinum industry

S.N. Surujhial, K.T. Manyuchi, and G.L. Smith..... 169

Contents (Continued)

SESSION 10A—STRATEGY

Correlation of productivity trends with market factors at three selected platinum mines

P.N. Neingo and F.T. Cawood 181

Mine extraction strategies—integration at tactical and strategic levels

D. Marais and R. Lombard 189

Tough choices facing the South African mining industry

A. Lane, J. Guzek, and W. van Antwerpen 197

SESSION 8B—REFINING

Precipitation of platinum and base metals in gas-liquid chloride system

J. Siame and H. Kasaini 207

Corrosion resistance of laser clad 304L stainless steel surfaces enriched with ruthenium additions exposed to sulphuric acid media

J. van der Merwe and D. Tharandt 219

SESSION 9B—MINE MECHANISATION

'Rock cutting'—platinum mining of the future?

D.P. van den Berg 225

Multi machine control

O. Lundhede 237

Management operating systems to optimize mechanization within Anglo American Platinum

P. Valicek, G. Krafft, S. Strydom, and F. Fourie 247

SESSION 10B—MINE MECHANISATION

Narrow reef mechanized mining layout at Anglo American Platinum

F. Fourie, P. Valicek, G. Krafft, and J. Sevenoaks 261

Continuous loading – a safe, efficient, and productive alternative for the loading of muck at the development face

J. Siemens, G. Jansen van Rensburg, and F. van der Merwe 281

The best laid plans of mice and men and machines

M. Holton, J.L. Porter, and M. Silverwood 291

SESSION 12—MARKET / ECONOMICS / VALUATION

Energy management by platinum companies in South Africa: exploring mitigation strategies for reducing the impact of electricity price increases

G. Ryan 299

Lonmin's capital allocation process – the evolution from individual ranking to portfolio optimization

V.M. Nagel, B.J. Kloppers, F. Choolan, L. Kruger, C. Fraser, and R. Kew 309

Accelerating the fuel cell industry in South Africa

H. Jones and N. Botha 317

Fuel cell technology in underground mining

P. Valicek and F. Fourie 325

SESSION 13—ROCK ENGINEERING

Flexural slip thrust faulting Booyendal Platinum Mine and the implication for rock engineering

P.M. Couto and W. Theron 333

Designing controlled pillar failure – crush pillar support

M. du Plessis and D.F. Malan 339

The application of pumpable emulsions in narrow-reef stoping

S.P. Pearton 349

The influence of regional structures associated with the Bushveld Complex on the mechanism driving the behaviour of the UG2 hangingwall beam and in-stope pillars at Lonmin's Marikana Operations

A.G. Hartzenberg and M. du Plessis 359

SESSION 14

Lonmin's innovative approach to safety: Safety focus on leading indicators

B.J. Erasmus and M. Munroe 369

Safety trends in mining

B. Thompson 379

Five steps to effective contractor safety management: sharing the Lonmin experience

A.P. Julies and J.A. Barnard 385
